

## Press release

**Brussels, December 7<sup>th</sup>, 2020.** Avesta Battery and Energy Engineering (ABEE), PILOT CAR have entered in a strategic collaboration in the field of development of electric delivery vehicles. In a later stage, both parties will consider producing the vehicles in Belgium at ABEE's new headquarters in Ninove.

Prof. Noshin Omar, CEO of ABEE, commented: "This strategic collaboration between ABEE and PILOT CAR will increase the product and service portfolio of ABEE and PILOT CAR in Europe. This will enable to strengthen our position on the market with state-of-the-art products with competitive prices."

### **About ABEE:**

Avesta Battery & Energy Engineering (ABEE) is a dynamic and specialized company in the field of battery, energy technologies and EV vehicles located in Brussels, Belgium.
